# Captain Nichola Goddard

## Complementary Courses and Descriptions 2026-27

### Selecting Complementary Courses

Current Captain Nichola Goddard students in Grade 6, 7 and 8 will be making their complementary course requests at school the week of April 6-10. Prior to their course selection next week, please have a discussion with your child(ren):

- 1 | Reviewing the 2026-2027 Complementary Courses and Descriptions below
- 2 | Create a list of 5 preferred courses (choices are not ranked and only 4 will be selected for the school year. Please be aware band is a full year course and will occupy 2 of the available option blocks.) There will be no options changes so please ensure you are picking courses you are interested in.

If your child misses their COMP Course selection time, there will be a drop-in session available. No student will miss out on this opportunity and course Complementary Courses

Grade 7 Complementary Courses			
Course Name	Course Code (As it appears in PowerSchool)	Course Fee (does not include potential field trips associated with this course)	Course Description
Art	Art 7	15.00	Art 7 students will have the opportunity to explore new techniques and mediums such as Fantasy clay sculpting, acrylic painting techniques, and both abstract and realistic drawing. Students will build foundational skills with an emphasis on hands-on learning.
Brass Band (Full Year)	Band Brass 7	School Instrument Rental 100.00 (if needed)  Course Fee 20.00	In this course students will learn to play a brass instrument, such as trumpet, baritone, trombone, tuba, or percussion. The Gr. 7 Band may also meet once a week to rehearse as a complete ensemble and perform at the Winter and Spring concerts (if this is possible due to health and safety measures related to the pandemic). Band students will develop their theoretical understanding of the elements of music, as well as their critical thinking skills about a variety of musical genres. No previous musical experience is necessary!
Woodwind Band (Full Year)	Band Woodwind 7	School Instrument Rental 100.00 (if needed)  Course Fee 20.00	In this course students will learn to play a woodwind instrument, such as clarinet, flute or saxophone. The Gr. 7 Band may also meet once a week to rehearse as a complete ensemble and perform at the Winter and Spring concerts (if this is possible due to health and safety measures related to the pandemic). Band students will develop their theoretical understanding of the elements of

			music, as well as their critical thinking skills about a variety of musical genres. No previous musical experience is necessary!
<b>Communication Technology</b>	CTF Communication Technology 7	<b>10.00</b>	This course is an introductory and straightforward look at Scratch, animation, and graphic design which will challenge students with or without prior knowledge to push themselves and their expertise further. Students will examine a range of communication technology situations while also utilizing their own ideas and bringing them to life.
<b>Construction</b>	CTF Construction 7	<b>20.00</b>	Love to build and want to work in our Woodworking Shop? Explore the world of carpentry and design! Learn to use different hand and stationary power tools in a safe manner to construct and fabricate projects that are fun and usable. Students will be given challenges and projects to be creative with while working with tools and materials in the shop. Students will also work alone and in groups to design, create and appraise their work.
<b>Design Studies</b>	CTF Design Studies 7	<b>None</b>	Ever wonder why some photographs more eye-catching than others? Why are some Instagram Post more eye catching than others? Students will learn the basics of photography while gaining confidence in using camera. In this hands-on course, learn and practice your creative photography skills while collaborating with your peers. Students will also learn how to edit and design their photographs, all while creating their own digital portfolio.
<b>Environmental and Outdoor Education</b>	Environmental and Outdoor Education 7	<b>None</b>	Environmental Stewardship is becoming more important. Students will learn about wilderness-based activities and human impact on the environment. Students in this class will also learn

			about local wildlife and protecting their habitats. The course will include field trips, outdoor activities, as well as classroom projects. No previous experience is required.
<b>Fashion</b>	CTF Fashion Studies 7	<b>10.00</b>	Students will learn the basic skills needed to hand sew, read and understand a pattern, and how to use a sewing machine. Students will work at their own pace to apply these skills in the assembly of simple projects. Projects will progress from simple to more complex based on skill development. Students work individually at their own pace, using a variety of textiles and discover new, useful techniques. No previous experience is required.
<b>Foods</b>	CTF Foods 7	<b>20.00</b>	Examining the role of food, visual appreciation, nutrition, meal planning, economics and preparation; learn the various skills in the culinary trade. This course is listed under CTF, a program designed to allow students to explore possible career options. The Foods course is not only about cooking, just as being a chef is not the only food-related career. In order to provide students with a well-rounded representation of possible career options, classes will be covering, though not limited to, the following topics: Safety and sanitation/ kitchen cleaning, Food Preparation Techniques, Nutrition and healthy food choices, and Careers in Culinary Arts.
<b>French</b>	French as a Second Language 7	<b>None</b>	Have you ever wanted to learn a new language? Or continue to develop your conversational French? In this option students will have the opportunity to learn how to speak, read and write in French.
<b>Guitar</b>	Guitar 7	<b>5.00</b>	Want to learn more about the amazing music of guitar? This option will provide you with the chance to play, listen, and

			appreciate the world of guitar music and composition. You can bring your own or use the school guitars that are available.
<b>Leadership</b>	Leadership Service 7	<b>None</b>	Students in Leadership 7 will have the opportunity to help engage the school community through a variety of events. All students will have the chance to develop and refine their leadership skills through presentations, promotion of school wide events, and class assignments.
<b>Performing Arts</b>	Performing Arts 7	<b>None</b>	This course offers students a variety of experiences to participate in the arts to enhance their creativity, critical thinking, and problem-solving abilities. Students will be challenged to develop their skills, deepen knowledge, and discover their own voice through the arts (drama, music, dance). Creativity will be explored through movement, speech, improvisation, and acting tasks.
<b>String Orchestra</b>	Band (Instrumental Music ) 7 Strings	<b>\$15 + Instrument Rental Fees</b> Violin \$179 Viola \$189 Cello \$369 Double Bass \$625	In this course, students will learn to play a stringed instrument such as violin, viola, cello or double bass. String Orchestra band will perform at the Winter and Spring concerts as well as collaborate with other string programs around the city! String students will develop their theoretical understanding of the elements of music, as well as their critical thinking skills about a variety of musical genres. No previous musical experience is necessary!
<b>Sports Performance</b>	Training for Excellence in Sport 7	<b>None</b>	Training for Excellence in Sport provides opportunities for students to develop and refine competencies that focus on personal development and responsible citizenship through sport. Students will have a chance to increase their knowledge in personal fitness and improve their functional fitness levels. Students

			develop leadership and citizenship, athletic skills and tactics, and fitness and conditioning.
